### Other participants

Several guest from a variety of NSA's were represented.

## 2. Approval of the agenda

M.Niklass proposes move agenda item 10. A story of inspiration – Thailand's road to the development of roller skiing and cross-country skiing right after item 4.

**All agree.**

## 3. Appointment of meeting secretary

## **Madeline Nappey (FIS)**

### **4. Approval of the minutes of 2023 spring meeting**

The Chair apologises for not being here in Dubrovnik. The minutes were approved.

### **5. Report from FIS Roller Ski WC & Junior World Championships 2023**

The WC season was difficult with challenges. Four events scheduled, with 3 WC and 1 WSC. EST cancelled the WSC initially planned. ITA, with Lazzate took over but eventually had to cancel as well. The close deadline made it impossible to find a replacement.

The 3 WC events took place as scheduled. (see video highlights for each stage)

**KAZ Schuchinsk** was a really good venue and LOC. Accommodation and training conditions very comfortable in close proximity. Competition course 10-12m wide all the way, course profile is homologated for winter, we hope more nations will come 2024 with the good experience from this year.

**LAT, Madona:** venue and events same as previous years, changing weather conditions.  
**ITA, Ziano di Fiemme:** good weather and atmosphere, teams are happy to be back in Fiemme, LOC invested in asphalt repairment. There are needed some extra asphalt improvement for upcoming years.

This was 1<sup>st</sup> ROL WC season when there was 1 official rollerski equipment provider [FF Rollerskis](#) AS (NOR) for all event. Positive feedback from teams and athletes, good service during the events.

Overall, WC ROL 2023 participation is quite stable with 20 nations taking part. The number of athletes has increased in the last two years. Senior men category has the more athletes. We are struggling with senior women.

In the last 3 years, more than 40 NSAs have registered FIS ROL (NC) competitions.

### **6. Applications for FIS Roller Ski World Cup & FIS Roller Ski World Championships 2024 organization**

- The LOC`s and team costs are rising every year. The Chair proposes to have 2024 season with 3 stages with 4 competitions in each stage to reduce teams travel costs and reduce CO<sub>2</sub> footprint of overall ROL WC season.
- 3 official WC applications received from KAZ, LAT and ITA NSA`s. (ROL WC 2024 calendar draft enclosed).
- On WSC ROL 2024 there has been discussion with KAZ and ITA LOC`s. Each LOC`s is committed to step in hosting WSC ROL 2024 but each has some specific issues to deal with.
- Ziano di Fiemme LOC comes with one financial option, hard to accommodate athletes with less than 75 FIS points. Schuchinsk (KAZ) is ready to host if the quota of 4 athletes per category is lifted. The venue is great but the travel cost is higher. From member present general opinion is in favour of Fiemme.
- M.Niklass proposes to do quick online survey of ROL WC teams which are not present during meeting and give feedback on 29.09. Cross-CountryCommittee meeting.

Anna Rosa: Question about next WSC? Should the next WSC take place as scheduled in 2025 or push it back to 2026?

Michal Lamplot, FIS CC Race director: in favour of 2026 as at the moment there are not so many solid applications for WSC ROL organization.

**7. FIS Roller Ski World Cup 2024 calendar draft**

**8. Proposals for FIS Roller Ski World Cup Rules**

- Clarification on how to count the cancellation deadlines, to start from the day of 1<sup>st</sup> official training.
- Deleting historical article about TDs needing to send a written evaluation. Obsolete with online TD report.
- World Cup leader bib in case one athlete has two leader bibs, the overall WC prevails.
- The production of video highlights and video livestream becomes a must instead of a recommendation.
- Sprint World Cup trophies should be provided by FIS.

Full text of proposals enclosed.

**Proposals approved.**

**9. FIS Roller Skiing appearance of social media**

Until now, M.Niklass is taking care for FIS Roller Skiing social network account on Facebook, YouTube and Instagram in cooperation with LOC media coordinators.

For statistics, see enclosed presentation.

M.Niklass indicates that FB group “World Rollerskiing” (formerly “FIS Rollerskiing”) does not represent official position of FIS.

**10. A story of inspiration – Thailand's road to the development of roller skiing and cross-country skiing.**

**Sueb Tarasiri**, representative of Ski and Snowboard Association of Thailand presents video about THA NSA roller ski and cross-country skiing sports development and learning curve in country where these sports have not been practiced before. Sueb has been developing ski sports in THA from zero level. In last 6 years THA NSA has reached more than 300 athletes training for skiing. The progress is impressive and Sueb's engagement remarkable. Sueb mentions THA NSA initiative to include rollerski discipline in Asian Games: it's not easy to add one sport, but it is a good opportunity to have the Asian Indoor Games in Thailand, it is the first step towards the Asian Games

**11. Other matters arising**

**12. Next meeting during the FIS Spring meetings (place and time tbc)**
