Oberhofen, 20.10.2022

**Minutes of the Jumping Committee Meeting
Thursday, 29.09.2022, 13:00 – 16:00 hrs**

Dear Ski Friends,

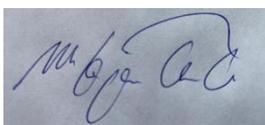

We have pleasure sending you today the Minutes of the Jumping Committee meeting held at the Hilton Hotel in Zurich on 29.09.2022

You are kindly asked to send any remarks to the FIS Nordic Office in Oberhofen until **15.11. 2022**.

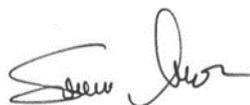

We would also like to take the opportunity of informing you that the minutes are available on the Member Services section of the FIS Website: www.fis-ski.com.

Thank you very much for your valuable contribution. We wish you a nice autumn.
Kind regards,

INTERNATIONAL SKI AND SNOWBOARD FEDERATION

Minutes Jumping Committee Meeting
Thursday, 29.09.2022, 13:00 – 16:00 hrs

AGENDA

1. Opening of the meeting
2. Members present
3. Approval of the agenda
4. Approval of the minutes of the online Committee meeting 09.05.2022
5. Reports, remarks and proposals of the Sub-Committees
 - 5.1 Youth and Children's Questions Harald Haim
 - 5.2 Jumping Hills Hans-Martin Renn
 - 5.3 Officials, Rules and Control Ivo Greger
 - 5.4 Equipment and Development Bertil Palsrud
 - 5.5 Calendar Planning Mario Stecher
 - Analysis summer 2022
 - Grand Prix Women Chika Yoshida
 - Grand Prix Men Sandro Pertile
 - Continental Cup Men Berni Schödler
 - FIS Cup Hubert Mathis
 - COC and FIS Cup Women Renata Nadarkiewicz
 - Adjustment / confirmation of adjustment of rules
 - Calendar Updates 2022/23
 - Continental Cups and FIS Cup Berni Schödler
 - World Cup Women Chika Yoshida
 - World Cup Men Sandro Pertile
 - 2023 European Games Krakow Malopolska (21/06 – 02/07/2023)
 - Calendar Planning 2023/24
6. Other items arising
7. Presentation of the future Organizer
 - WSC Planica 2023
 - JWSC Whistler 2023
 - YOG Gangwon 2024
 - OWG Milano-Cortina 2026
8. Next meetings
 - Jumping Committee meeting during the FIS Spring meetings, tbc

<p>All proposals and decisions of the Jumping Committee meeting are subject to the approval of the FIS Council on 22.10.2022</p>

1. Opening of the Meeting

The Chairman, Mika Kojonkoski (FIN) welcomes members of the Jumping Committee, FIS officials and opens the meeting on Thursday, 29.09.2022, 13.00 hrs.

The Chairman welcomes Chairman of the FIS Equipment Committee Aki Murasato.

He expresses his appreciation for the Race Director Sandro Pertile for whom this is the first on site Committee Meeting.

The Chairman expresses his concern on the unfavourable numbers regarding the Olympic competitions and the fact that IOC decided to decrease men quota by 25%.

2. Members Present

3. Approval of the Agenda

The agenda was sent out on 16.08.2022.

Point 5 of the Agenda, Approval of the Executive Board is not valid anymore.

The Jumping Committee approved the agenda.

Aga Baczkowska was approved as secretary.

4. Approval of the Minutes of the Jumping Committee online meeting, 09.05.2022

The minutes were sent out on 30.05.2022.

Small marks have been made and were immediately corrected by the FIS Office.

The Jumping Committee approved the minutes.

5. Report of the Sub-Committees

5.1 Youth and Children's Questions

The Chairman, Harald Haim (AUT) reports

see enclosure

5.2 Jumping Hills

The Chairman, Hans-Martin Renn (GER) reports

5.4 Equipment and Development

The Chairman, Bertil Palsrud (NOR) not present

see enclosure

In the absence of the S.C. Chairman, Race Director Sandro Pertile reports on the morning meeting of the Sub-Committee for Equipment and Development.

After season 2021/22 Mika Jukkara left his position as the WC Men equipment controller. His successor has been named Christian Kathol, who previously acted as FIS Cup Coordinator. Huber Mathis (SUI) has been named as new FIS Cup Coordinator.

New basic body measurement system was introduced in spring. This included less physical contact between measured athlete and FIS controller, which was positively received by the teams. The new crotch measurements went up +2 cm on average, which also resulted in using higher gates during competitions (+2/4 gates).

Grand Prix series was used to test new rules introduced in spring, especially with regards to skis and boots.

Catalogue of ski jumping equipment has been created and made available.

Small adjustments of the rules were made during the sub-committee meeting.

Implementation of Fluor ban was postponed to 2023/24.

Reconfirmation of FIS equipment controllers for 2023/24 season

Christian Kathol, Berni Schoedler, Hubert Mathis, Jurgen Winkler, Wojciech Jurowicz, Morten Solem

Aga Baczkowska, Renata Nadarkiewicz, Spela Rogelj, Dorota Szczepanek, Anette Sagen

Kerstin Loescher, Guntram Kraus, Michael Neumayer

Specification of Competition Equipment

C. Ski Jumping Competition Equipment

1. Jumping Ski

1.2.6.2 Additional weights

Additional weights for balancing the centre of gravity are permitted. **If these are attached to the surface of the ski with scotch tape or similar the total surface of the tape cannot exceed 45 cm².**

2. Jumping Ski Bindings

Safety bindings in Ski Jumping function as strain limiters. That is, these devices transfer specific demands occurring during skiing to an acceptable limit, and when this limit is overstepped, they release their firm hold on the ski.

Additional devices creating foreign energy of any kind as an aid to take-off are forbidden.

The complete binding system must be mounted so, that the Ski Jumping **boots** are fixed to the skis symmetrically **along the axis**, and parallel to the running direction. Bindings must be flat mounted on the ski. All mounting screws of the front part of the binding must be located in the front of the lock part of the binding. After fixing the front part of the jumping shoe into the front part of the binding it must stay fixed and horizontal to the top surface of the ski. The

outline of the heel wedge of the shoe sole in its normal production form may not protrude over the side-walls of the Jumping ski. Minimum weight of the whole binding system – front and back part including ski wedges and screw of the Ski Bindings is 200 grams.

3. **Ski Jumping Boots**

3.1.1 *Size and form*

The boot size and form must equal the foot **length size** and form. Maximum tolerance for boot size measurement (inside to outside) is + 2 cm.

3.1.5 *Back part*

Thickness of the back part of the boot at the highest edge must not exceed 80 mm including the wedges if these are worn. Towards the heel the design of the rear part of the boot must be wedge shaped. Thickness of the sides must be equal. Maximum circumferences around the ankle joint position (12 θ above bottom part of the boots) must not exceed 45 cm.

~~The shoe size and form must equal the foot size and form. Reshaping the boots in order to attain more aerodynamic features is not allowed. The boot sole may not exceed 45 mm.~~

TEST PHASE EXTENDED TO WINTER SEASON 2022-23

3.2 *Shields/spoilers*

Carbon shields (spoilers) around the rear part of the boot are allowed.

They must either be attached to the boot surface over the entire area, must not extend beyond the surface of the boot.

If the spoiler does not cover the entire area, it must be mounted symmetrically.

These shall be mounted to the surface of the boot in such a way that no fixation of the suit to the boot/shield is possible.

4. **Ski Jumping Suits**

All portions of the ski jumping suit must be made of the same material (see 4.2) and must show the same air permeability from the outside in and from the inside out.

The suit must close by means of a zipper placed at the centre of the front. The closed zipper strap must exceed the collar end with 1,5 to 5 cm. The maximum zip length is allowed to end at least 10 cm before the cross part of the crotch. The width of this zipper may not exceed 15 mm. Collar must be round shaped. **Height difference between the front and the back of the collar must be minimum 1cm (while front part must always be lower) and may not exceed 5cm (X1 and X2).**

During the jump the zipper must be completely closed. The design of the suit (seams) must conform to the image "Ski Jumping Suits" in the enclosure.

See enclosure 1

The suit must be close-fitting in any part of the body. The measured circumference of any unstretched part of the suit must not exceed the respective body measurement. It is not allowed to fix the sleeves of the suit to the gloves.

Exceptions are:

- to accommodate the fit of the suit around the boot with a maximum tolerance of 10 cm. This tolerance may start from the close-fitted part below the knee with a transition to the bottom hem of the leg panel.
- ~~to accommodate the fit of the suit around the glove with a maximum tolerance of 4 cm. This tolerance is given for the last 10 cm of the sleeve.~~

Additional restrictions:

- Marking of the suit (for measuring and control) is allowed.

- The thickness of all parts of the suit must be the same.
- No additional chemical (gaseous, liquid or solid) or mechanical treatment of the material or suits is allowed.
- ~~The height difference between the front and the back of the collar may not exceed 5 cm (see the illustration - mark X1 and X2).~~
- Outer tucks and darts, folds and padding are not allowed.
- Only one fixed (non-adjustable) strap per leg is allowed for fixing the suit around the ski boot. The strap is of one continuous piece and without clips, buckles or other means of fastening multiple pieces of material. The fixation of either strap must be made at the hem of the suit in the middle of the posterior and anterior seam of the leg panels (see the illustration - mark S). Leg hem must be cut horizontally straight across the width of the strap. The width of the strap must be min 2 and max 4 cm. Both sides of the hem of the leg must be cut horizontally **at the same level**. The strap must be placed symmetrically around the boot during the jump.
- Length of the sleeve must reach the wrist joint. The lower hem of the sleeve is cut evenly and has no integrated hole for fingers. **The edge of the sleeve must be cut at 90 degrees to the side-line of the seams.**
- All hems must be sown by a singular piece and the entire piece must have the same physical material characteristics.
- Standardized measuring control points:
 - Anterior arm length (see the illustration - mark AL) is measured from the intersection of the seams at the armpit, following the seam to the end of the sleeve. Measured length must be no greater than the length of the arm and no shorter than a maximum tolerance of 4 cm.
 - Anterior crotch length (see the illustration - mark SL) is measured from the intersection of the seams at the crotch of the suit (see the illustration - mark SX) following the anterior seam to the hem of the leg part of the suit.
 - Measured length of the suit must be no shorter than the measured length of the controlled crotch height.
- Number of parts of the material of which the suit consists of is:
 - One part for each sleeve (3). The sleeve must be joined to the main part of the suit and must reach the wrist joint. In addition, when the arm is extended from the torso, the anterior seam of the sleeve must be aligned with the torso seam.
 - Three parts for the torso (upper body above the waist seam): left and right front panels (1) and back part (4). Starting from the armpit down to the waist seam, the front and back part must be equal.
 - 2 for each leg (under the waist seam): the front leg panels (2) and the back leg panels (5). Starting from the waist seam, the size of the panels must be equal front and back. The alignment of the posterior and anterior seams is entered along the length of the leg. The front and back crotch seams must connect with the anterior leg seams at the lowest point of the crotch (see the illustration - mark SX).
- Zipper, elastics and strings for the attachments do not count as a separate part of the suit.
- The waist seam must be placed in relationship to the body within 5 cm above and below the hip bone (narrow part of the waist). The seam must go around the torso horizontally **at the same height**.
- The seam connecting the upper front and side panel must align vertically with the seam of the leg panels from the armpit to the posterior ankle bone.
- The bottom hem of the leg panels may be altered to accommodate the fixing of the binding at the heel of the boot.
- Seams may only exist in order to join the portions of the suit. Seams must be inside the suit. It is not allowed to edge-stitch (sew) the ends of the material; it is not allowed to join (sew) the maximum seam of 10 mm (material behind the

seam to the edge). All seams must be straight or formed differently only to fit the form of the body. Any additional seams or transformation of the seams, any strings, rods, folds, tapes, etc., inside or outside the suit in order to attain greater volume or more aerodynamic features is not allowed (the same for the underwear).

- The enclosed suit illustrations are the determining bases for these written rules. Exception for Youth competitions: no limit for number of parts and cutting of the suits.
- **The outside width of the legs cannot exceed the outside width of the shoulders.**
- **The suit must be measurable at each and every place. For measurement, the suit surface must be stretched, flat and without any folds.**
- Crotch – at the height of 2 cm, the front seam must protrude maximum 3 cm to the front from the intersection of the crotch seams, while back seam must protrude maximum 5 cm to the back from the intersection of the crotch seams according to the below template, while the suit is placed inside out. Intersection of the crotch seams must always be the lowest part. **The seams from the intersection at crotch towards the waist seam must go with one single curve and straight.**
- **The leg of the suit must be cut and sewn along the axis of the leg.**

Additional specifications for the women's Ski Jumping suit

Number of parts of the material of which the suit consists of is:

- 5 parts for the upper body (parts 1, 3, and 5), plus 2 parts (4 and 6) for shoulders. The waist seam must go around the torso horizontally **at the same height** and must be placed at the part of the body with the smallest circumferences.
- Two parts for each sleeve including shoulder: front part of the sleeve (4) and back part of the sleeve (6). Each sleeve starts from the neck opening and extends over the shoulder maximally to the wrist joint. Starting from the armpit down the size of the panels must be equal front and back. The alignment of the posterior seam must be centred along the length of the sleeve and parallel to the torso seam. In addition, when the arm is extended from the torso, the anterior seam of the sleeve must be aligned with the torso seam.
- the lower part of the suit, below waist seam is identical with the men's cut (2 and 7)
- Upper front parts (1)
The upper area of front part 1 must have a width of at least 10 cm. The front seam between the side part 1 and 3 must run over the middle part of the breast

4.2 *Air permeability of the suit material*

The material of a jumping suit must show a minimum air permeability which is the same from the outside in and from the inside out. Minimum air permeability is established as follows:

The unstretched fabric must show a medium air permeability of a minimum of 40 litres per m²/sec with 10 mm water pressure.

This value is compulsory at the time of distribution by the manufacturer that means at the moment of plumbing. At controls in competitions it must not be less than 40 litres.

~~Although usage may result in some stretching of the material, the back portion of the suit must show air permeability as high or higher than the other parts of the suits.~~

5. **Crash Helmets**

The use of crash helmets is compulsory for all events. The shape of the helmet must conform to the shape of the head. The distance measured at any point between the outside surface of the helmet and the head shall not exceed 7 cm.

It is not allowed to attach anything to the helmet surface incl. cameras and holding/fixing systems, unless approved by FIS Race Director / Coordinator.

The crash helmets used for international FIS competitions shall comply with the standards applicable for crash helmets for Alpine ski competitions (crash helmets to be used in Ski Jumping).

Compliance with the standards is to be attested by the corresponding specific standardised conformity label affixed in a non-removable way at the back of the helmet in a location which is and shall remain visible. The label shall in particular not be covered by the goggle strap. The conformity label (Label "RH2013") confirming compliance with the standard applicable to helmets to be used for international FIS competitions is shown in attachment. The labels affixed by manufacturers shall comply with the specifications set forth in the enclosure (page 37).

7. Ski Gloves

Gloves offer protective covering against weather and external forces. The use of gloves is compulsory for all events.

The glove size must correspond to the hand size. Thickness of the material is maximally 5 mm.

Mittens are not allowed. Only gloves with fingers (for all fingers) are allowed. The gloves may not be fin shaped.

It is not allowed to fix the sleeve/suit around the gloves in anyway.

No further changes regarding gloves are to be taken in the spring 2023.

5.5 Calendar Planning

The Chairman, Mario Stecher (AUT) reports

- GP series was carried out with rather small field of participants
- The organisation level was very good from all organisers
- More compact (date-wise) calendar should be aimed at in the future, later in the summer season
- More COC and FIS Cup should be organised in the future
- First ever Ski Flying event for women will be hold the upcoming winter, we should start thinking about future steps – participation, WSC?
- 2022/23 will be opened exceptionally early this year 5-6 Nov in Wisla - on ice tracks and plastic; season's final will be very late end of March/beginning of April 2023
- WC series comes back to USA – Lake Placid
- Future of GP series - financial aspects for organisers if top athletes are missing

Chairman of the Committee Mika Kojonkoski suggested that the Committee reconsiders LOC costs to encourage hosting of FIS Cup events.

see enclosures

At 14:50 the IOC Sport Director Kit McConnell, accompanied by Irina Gladkikh (Associate Director, Winter and Recognised Sports and IF Relations - Sports Department) attended the meeting.

They explained the IOC process for sport related decision making within IOC. IOC Olympic Program Commission evaluates disciplines and suggests action to IOC Executive Board.

Decisions about programme and Quota for OWG Milano Cortina 2026 are based on four pillars:

1. Maximum number of athletes for all disciplines is 2.900 (like Beijing 2022)
2. Goal of Gender Equality (currently FIS 47%)
3. New event has to increase equity gender and cannot generate extra cost/people
4. No extra venues

McConnell suggested to combine high performance with global perspective.

IOC has a system to evaluate all disciplines based on global Media and Marketing analysis.

FIS Race Director S. Pertile asked two specific questions:

Question 1) Is there any chance to adjust quota for OWG 2026? – Clear answer from McConnell - NO!

Question 2) Is there any chance to adjust quota for OWG 2030? – Clear answer from Mc Connell - YES

McConnell informed that criteria for assignment of Quota for the OWG 2026 has to be ready latest Q3 / 2023.

Overall position of Ski Jumping:

For OWG PyeongChang (KOR) 2018 – 7 out of 15 winter disciplines

For OWG Beijing (CHN) 2022 – 10 out of 15 winter disciplines

He underlined that OWG need to express a concept of universality and suggested to focus on a good LAR policy (Late Replacement Policy for the substitution of OWG participants).

At the end of his report, McConnell suggested the main focus for the upcoming Olympic Winter Games:

- Include new country/ies
- Increase and enlarge the broadcast level
- Universality
- Social Media
- Help via Solidarity Programme
- Global impact

- Adjustment / confirmation of adjustment of rules

International Competition Rules (ICR)

- 403.6 Equipment Controllers**
 These officials are nominated by FIS for Cup competitions (WC, GP, COC, FIS Cup) as well as for OWG, WSC, SFWC and JWSC might be nominated for other international competitions (f.ex. YOG, EOG, EYOWF). ~~(see art. 402.2.1).~~ These Equipment Controllers must possess a TD-license for Ski Jumping.
- 405.1.1 Olympic Winter Games (OWG), World Ski Championships (WSC), World Ski Flying Championships (WSFC) and Junior World Ski Championships (JWSC)
 For OWG, WSC, and WSFC:
- the TD
 - the RD
 - the TD-Assistant, 2 TD-Assistants for OWG, SFWC and WSC
 - the RD-Assistant
 - ~~the two~~ Equipment Controllers
 - the Chief Distance Measurer
 - six Jumping Judges (five Jumping Judges for SFWC)
- [...]
- 405.1.2 World Cup- and Grand Prix-Ski Jumping Competitions (WCJ, GPJ)
- TD
 - RD
 - TD-Assistant, 2 TD Assistants for Ski Flying WC
 - ~~RD-Assistant,~~
 - Two Equipment Controllers
 - four foreign Jumping Judges (for a competition weekend with three or more classifications there will be five foreign Jumping Judges) and
 - one Jumping Judge of the host country.
- [...]
- 405.3.2 Daily Allowance
 CHF 100.– per day of travel to and from the event. For WSC, SFWC, WCJ, JWSC, GPJ and COC daily allowance is CHF 125.
- 405.3.2.1 The TD and TD Assistant/s get in addition during ~~OWG, WSC, WSFC, SFWC, WCJ, JWSC, and GPJ and, COC competitions~~ CHF 125,- per day for the duration of the event. For all other level of international competition refer to art. 405.4.6., JWSC and, if necessary, for FCJ (see 405.4.5) competitions CHF 100.– per day for the duration of the event.
- 405.3.2.2 Jumping judges get in addition during WSC, SFWC, WCJ, JWSC, GPJ and COC competitions CHF 125,- per day counted from the 4th day of the duration of the event. For all other level of international competitions refer to art. 405.4.6.

- 415.4 Start Permission and Start Time Control**
 415.4.1 Three phase mode
 Start permission and starting time control at OWG, WSC, WSFC, JWSC as well as WCJ-, GPJ- and COCJ-events will be determined by means of a three-coloured (red-Yellow-green) stoplight and a digital clock which are connected and running automatically depending on the adjustable starting rhythm program.
 During the red phase (start preparation) the clock runs backward from the adjusted time to zero seconds. The red phase is for the direction of the competition and can be stopped whenever needed. During the consecutive yellow phase the clock runs forward. The competitor is allowed to take the position on the starting bar with the begin of the yellow phase. According to the external conditions the Jury decides about the minimal duration of the yellow phase (usually between 10 and 15 seconds). The duration of the yellow phase can be between 10 and 45-60 seconds. [...]
Proposal to extend the test phase for FIS World Cup and COC Level until end of winter 2022/23
- 422 The Competition**
 422.1 **In-Run Length**
 [...] A Trainer/Coach is entitled to reduce the length of in-run for their respective athletes. This has to be announced within the red phase of the starting procedure of the athlete concerned (~~does only apply for WC competitions~~). In such a case, the gate compensation factor is only calculated, if the athlete jumps at least 95 % of the HS distance.
- 441 Sanctions, Disqualifications, Not permitted to Start (NPS)**
 The Jury shall sanction competitors if they violate the regulations of the ICR or the competition rules or doesn't follow decisions of the Jury. In particular, if they [...]
- 441.5 Not permitted to start**
A competitor will not be permitted to start (NPS) in any FIS international Ski Jumping competition who:
- 441.5.1 wears obscene names and/or symbols on any part of the Ski Jumping competition equipment/ competition suit
- 441.5.2 behaves in an unsportsmanlike manner in the start area (art. 205.5, 223.1.1)
- 441.5.3 violates the FIS rules in regard to the FIS Specification for Competition Equipment and Commercial Markings on Equipment (art. 207 & 222)
- 441.5.4 violates the rule regarding the prohibition to use fluor wax (art.222.8)
- 454.4.3 International FIS competition Ski Flying (ref. ICR 201.3.4)**
In exceptional cases, Ski Flying International FIS competitions can be organized. Such competition must be approved by FIS Jumping Committee and held in compliance with all FIS Rules.
- 454.4.~~34~~ Scoring valuation of the Ski Flying

At Ski Flying events the K-point distance as calculation point equals 120 distance points and the meter value is 1,2 pts./m.

World Cup Rules Men

1.1.5 Calendar Planning and adjustments

The Chair of the FIS Jumping Committee, the Chair of the FIS Sub-Committee for Calendar Planning and the FIS Ski Jumping Race Directors together will be allowed to adapt the World Cup calendar and technical rules in order to maximize the possibility to organize World Cup events.

1.1.5 Covid-19 adjustment

~~In the case of changing travel and event organization regulations after the autumn meetings and during the winter season, the Chair of the FIS Jumping Committee, the Chair of the FIS Sub-Committee Calendar Planning and the FIS Ski Jumping Race Directors will be allowed to adapt the World Cup calendar and technical rules in order to maximize the possibility to organize World Cups.~~

1.1.6 World Cup competitions should be organized on a snow surface. However, in exceptional cases, events can also be organized on ice/ snow tracks using a plastic surface in the landing area.

2.2.2.3 Super Team Events

Two competitors per team, while at least one of the competitors have already gained GP or WC points or at least one COCJ-M point of the past or the current season.

3.2.2 At least ~~six-eight~~ National Ski Associations must participate if a WCJ team competition is to count for the WCJ Nations' Cup.

3.2.4 Super Team competitions

[...]

The competition consists of three rounds. In the first round all the entered teams have the right to start, by group. After the first round, only the best 12 teams are qualified for the second round. The break after the first round should be 10 minutes. In the second round, start order is again based on groups (first all the athletes of group one, then the athletes of group two). After the second round only the best eight (8) teams are qualified for the final round. The break after the second round should be 15-minimum 10 minutes. In the final round ~~the first group both groups~~ starts ~~in the normal order while the second group is sorted~~ into reverse order of the current standing.

The ranking is determined by adding the scores of all jumps of the athletes of each team.

If less than 8 NSAs are entered at least 13 days before the Team Event, FIS has the right to adjust the format of the competition to a Super Team format. Until 10 days before the event, NSAs with less than two athletes entered for the mentioned event can adjust their entry and add an extra athlete for the mentioned Super Team format.

3.2.4.1 Super Team Competitions

1st place = 200 points
2nd place = ~~175-160~~ points
3rd place = ~~150-120~~ points

7th place = ~~50-60~~ points
8th place = ~~25-50~~ points
9th place = 40 points

- Between 13 until 8 days before the Team Captains' meeting: Teams and SRS have to provide their final entry to the LOC latest 8 days before the Team Captains' meeting of the event. The LOC has the right to charge a cancellation fee with a size tolerance of 10% (cancellation free of charge for 10% of the rooms booked).
- Between 7 days and until the end of the events (departure date chosen by the team): The LOC has the right to charge a cancellation fee. The amount of cancellation fees should be announced for each venue in the event program on the FIS website.

In case reimbursement of travel expenses for the nations concerned occur, the organiser has the right to deduct the cancellation fee directly from the reimbursement of the travel expenses.

By no means is the organiser or the hotel manager allowed, without agreement of the team captain, to demand the vacating of the rooms on the day of the competition. For nations with starting quota 4 or more two single rooms have to be provided.

For competitors and officials not included in the quota, the Organising Committee has to provide accommodation and meals at least 25% below the normal price at the place in question, whereby CHF 125.— is the maximum price per person in a double room and CHF 160.- per person in a single room.

When an event programme includes a team competition, all participating nations are allowed to enter up to a number of four (4) athletes. Two additional travel expenses quota and accommodation for extra quota athletes (up to four) have to be provided by the Organiser for the entire duration of the competition (weekend and tournament) for those teams that have less than four competitors in the reimbursement quota system.

ATTENTION: If a team has one athlete + 2 officials of two different genders (1 man + 1 woman) the LOCs have to provide three single rooms. Teams have to inform LOCs about this request.

World Cup Rules Women

1.1.6 World Cup competitions should be organized on a snow surface. However, in exceptional cases, events can also be organized on ice/ snow tracks using a plastic surface in the landing area.

1.1.5 Calendar Planning and adjustments

The Chair of the FIS Jumping Committee, the Chair of the FIS Sub-Committee for Calendar Planning and the FIS Ski Jumping Race Directors together will be allowed to adapt the World Cup calendar and technical rules in order to maximize the possibility to organize World Cup events.

1.1.5 Covid-19 adjustment

In the case of changing travel and event organisation regulations after the autumn meetings and during the winter season, the Chair of the FIS Jumping Committee, the Chair of the FIS Sub-Committee Calendar Planning and the FIS Ski Jumping Race Directors will be allowed to adapt the World Cup calendar and technical rules in order to maximize the possibility to organise World Cups.

2.2.1 World Cup Ski Jumping Team event

Four competitors per team, while

a) minimum three per team, who have already gained GP or WC points or at least one COCJ-M point of the past or of the current season.

b) maximum one competitor per team, who have gained at least one FIS Cup-W point of the past or of the current season.

2.2.2 Super Team Events

Two competitors per team, while at least one of the competitors have already gained GP or WC points or at least one COCJ-M point of the past or the current season.

3.2.2 At least ~~six~~eight National Ski Associations must participate if a WCJ team competition is to count for the WCJ Nations' Cup.

3.3 Super Team competitions

Starting order in Super Team competitions:

The starting order will be determined as follows:

- Group I: draw (for those NSAs that have not scored points in the current season)

- Group II: reverse order of the actual World Cup Nations' standings.

Due to organizational reasons the result of an individual competition carried out on the same day may not be considered for the starting order.

Every team consists of two athletes, that are included in two different groups.

Every NSA has the right to enter one team in the event.

The competition consists of three rounds. In the first round all the entered teams have the right to start, by group. After the first round, only the best 12 teams are qualified for the second round. The break after the first round should be 10 minutes. In the second round, start order is again based on groups (first all the athletes of group one, then the athletes of group two). After the second round only the best eight (8) teams are qualified for the final round. The break after the second round should be minimum 10 minutes. In the final round both groups start into reverse order of the current standing.

The ranking is determined by adding the scores of all jumps of the athletes of each team.

If less than 8 NSAs are entered at least 13 days before the Team Event, FIS has the right to adjust the format of the competition to a Super Team format.

Until 10 days before the event, NSAs with less than two athletes entered for the mentioned event can adjust their entry and add an extra athlete for the mentioned Super Team format.

3.3.1 Super Team Competitions

<u>1st place = 200 points</u>	<u>7th place = 60 points</u>
<u>2nd place = 160 points</u>	<u>8th place = 50 points</u>
<u>3rd place = 120 points</u>	<u>9th place = 40 points</u>
<u>4th place = 100 points</u>	<u>10th place = 30 points</u>
<u>5th place = 80 points</u>	<u>11th place = 20 points</u>
<u>6th place = 70 points</u>	<u>12th place = 10 points</u>

5.1 Prize Money

The Organising Committee must provide prize-money of at least the following amount in Swiss Francs (CHF) per competition:

Single competition: CHF ~~25'19428'~~120.—, divided between the top 20-25 athletes as follows:

CHF 3840.— per World Cup point achieved:

1. CHF 3'8004'000.—	10. CHF 9881'040.—
2. CHF 3'0403'200.—	15. CHF 608640.—
3. CHF 2'2802'400.—	205. CHF 418240.—

Team competition Women: **CHF 1140'000.—**, divided between the top 3 teams:

1. CHF 6'000.—
2. CHF 3'0500.—
3. CHF 1'5000.—

(Mixed team competition see World Cup Rules Men, art. 5.1)

Super Team competition Women: CHF 11'100.—, divided between the top 8 teams:

1. CHF 3'000.—	5. CHF 1'000.--
2. CHF 2'000.—	6. CHF 900.--
3. CHF 1'500.—	7. CHF 800.--
4. CHF 1'200.--	8. CHF 700.--

[...]

6.2.1 Accommodation

Room and full pension in a good hotel in the competition resort for the duration of the event, beginning one night before the first official training resp. the following night after the last competition. An invitation and information packet must be sent by the organiser to each National Ski Association. Participating teams must enter their competitors prior to the published entry deadline. By doing so, the team secures their required number of booked room reservations.

For booked room reservation not used, the organiser has the right to demand a cancellation fee from the National Ski Associations (exception is a reduction of the number of athletes due to quota change).

- Until 14 days before the Team Captains' meeting: Teams and SRS can change their bookings by adapting the preliminary entry. Cancellation (entire team or only some rooms) is free of charge for 25% of the rooms booked.
- Between 13 until 8 days before the Team Captains' meeting: Teams and SRS have to provide their final entry to the LOC latest 8 days before the Team Captains' meeting of the event. The LOC has the right to charge a cancellation fee with a size tolerance of 10% (cancellation free of charge for 10% of the rooms booked).
- Between 7 days and until the end of the events (departure date chosen by the team): The LOC has the right to charge a cancellation fee. The amount of cancellation fees should be announced for each venue in the event program on the FIS website.

In case reimbursement of travel expenses for the nations concerned occur, the organiser has the right to deduct the cancellation fee directly from the reimbursement of the travel expenses.

By no means is the organiser or the hotel manager allowed, without agreement of the team captain, to demand the vacating of the rooms on the day of the competition. For nations with starting quota 4 or more two single rooms have to be provided.

For competitors and officials not included in the quota, the Organising Committee has to provide accommodation and meals at least 25% below the normal price at the place in question, whereby CHF 125.— is the maximum price per person in a double room and CHF 160.- per person in a single room.

When an event programme includes a team competition, all participating nations are allowed to enter up to a number of four (4) athletes. Two additional travel

expenses quota and accommodation for extra quota athletes (up to four) have to be provided by the Organiser for the entire duration of the competition (weekend and tournament) for those teams that have less than four competitors in the reimbursement quota system.

ATTENTION: If a team has one athlete + 2 officials of two different genders (1 man + 1 woman) the LOCs have to provide three single rooms. Teams have to inform LOCs about this request.

Continental Cup Rules Men

6.1.1 Accommodation

Room and full pension in a good hotel in the competition resort for the duration of the event, beginning one night before the first official training resp. the following night after the last competition. An invitation and information packet must be sent by the organiser to each National Ski Association. Participating teams must enter their competitors prior to the published entry deadline. By doing so, secure their required number of booked reservations.

For booked room reservation not used, the organiser has the right to demand a cancellation fee from the resp. National Ski Association:

- Until 14 days before the Team Captains' meeting: Teams and SRS can change their bookings by adapting the preliminary entry. Cancellation (entire team or only some rooms) is free of charge for 25% of the rooms booked.
- Between 13 until 8 days before the Team Captains' meeting: Teams and SRS have to provide their final entry to the LOC latest 8 days before the Team Captains' meeting of the event. The LOC has the right to charge a cancellation fee with a size tolerance of 10% (cancellation free of charge for 10% of the rooms booked).
- Between 7 days and until the end of the events (departure date chosen by the team): The LOC has the right to charge a cancellation fee. The amount of cancellation fees should be announced for each venue in the event program on the FIS website.

By no means is the organiser or the hotel manager allowed, without agreement of the team captain, to demand the vacating of the rooms on the day of the competition.

Continental Cup Rules Women

6.1.1 Accommodation

cancellation fee with a size tolerance of 10% (cancellation free of charge for 10% of the rooms booked).

- Between 7 days and until the end of the events (departure date chosen by the team): The LOC has the right to charge a cancellation fee. The amount of cancellation fees should be announced for each venue in the event program on the FIS website.

Other proposals

Adjustment of the Wind Compensation System

The Ski Jumping Committee proposes and supports to increase the value of the tail wind compensation from 21% up to 50%.

Based on the development of Ski Jumping with connection to the decreasing inrun speed, the influence of the wind has increased, especially the effect of the tail wind.

World Championship Rules

- 15.3 In order for a competition to be considered as a FIS World Championship event and for the official medals to be awarded, a minimum of 8 nations must be entered for team events and 8 nations be represented in individual competitions. This applies to all FIS disciplines (Cross-Country, Ski Jumping, Nordic Combined, Ski Flying, Alpine Skiing, Freestyle Skiing, Freeski, Snowboarding, Grass Skiing, Speed Skiing, Telemark, Roller Skiing).

If less than 8 NSAs are entered at least 13 days before the Ski Jumping/ Ski Flying Team event, FIS has the right to adjust the format of the competition to a Super Team format.

Until 10 days before the event, NSAs with less than two athletes entered for the mentioned event can adjust their entry and add an extra athlete for the mentioned Super Team format.

All proposals have unanimously been approved by the Ski Jumping Committee.

Horst Tielmann suggested that the Committee considers prize-money increase also for the COC series. The proposal will be considered in spring 2023.

Race Director Sandro Pertile introduces the **NSA survey**

- Survey for NSA with the exception of top-6 NSA of the overall WC Nations ranking
- Collect information about
 - Trend of last years
 - Current status
 - Strategical plan for upcoming Olympic period (2022/2026)
- Get a deep knowledge of Ski Jumping world situation
- Address potential international support to increase value of Ski Jumping in all our countries

Reply from: **BUL – CAN – CZE - EST – FRA (2x) – ITA - KOR – UKR (8 NSA)**

Next steps

- Collect information from all missing NSA (new deadline 10th October 2022)
- Evaluate information among FIS staff and external expert

- Include this topic in the strategical plan for future development of Ski Jumping
-

Race Director Sandro Pertile evaluates **SUPER TEAM** format

- Test event in Rasnov was positive
- Dynamic and thrilling event, fast sequence and shorter breaks
- Chance to compete for more Teams (sport and TV coverage)
- Format open for more NSA, more tension for all
- Format with more space for commercials break (more appeal for TV?)
- New format for our discipline, faster (suitable for young generation)

TARGET

- More teams at the start, more global interest (9 vs 18 teams)
- Development tool for our sport
- New format that can be included in major events (OWG / WSC / SFWC)
- New Mixed Team format
- Include new energy and dynamic approach in our discipline

FORMAT

- Trial jump (optional) + **3 jumps (shorter breaks)**
- Expected TV time like Individual events
- TBD – Same equipment for the entire competition, no Team area?

Race Director Sandro Pertile introduces new **TEAM SURVEY** as report after WC events

- Introduction of Team Survey for Men World Cup events
- Opportunity to collect feedback from teams and address feedback to LOCs
- The goal is to support LOCs and not to criticize!
- Test phase (Rasnov - Klingenthal), fully operational from winter season

Race Director Sandro Pertile reports on the change of Olympic quota

Decision on IOC meeting (24.06.2022)

- Inclusion of Women Large Hill competition
- Adjustment of Quota:

WOMEN from 40 (OWG 2022) to 50 (OWG 2026)	+10 Women
MEN from 65 (OWG 2022) to 50 (OWG 2026)	- 15 Men

Race Director proposed extraordinary Jumping Committee meeting to discuss the impact of the IOC decision.

The meeting will be held online on 27th October 2022, 13.00 hrs

- Calendar Updates 2022/23

- Continental Cups and FIS Cup	Berni Schödler
- World Cup Women	Chika Yoshida
- World Cup Men	Sandro Pertile
- Remarks:
 - Lake Placid, USA – exception has been granted to host 2 competitions on Saturday (individual and super team) due to high TV production costs and starting times
- **2023 European Games Krakow Malopolska (21/06 – 02/07/2023)**

Organized by the European Olympic Committee (EOC) in cooperation with Polish authorities from the 26th June until 1st July 2023

Ski Jumping Men and Women

Events

- Normal Hill: Individual Men, Individual Women, Mixed Team
- Large Hill: Individual Men, Individual Women
- Athletes per NOC: max 5 Men + 5 Women

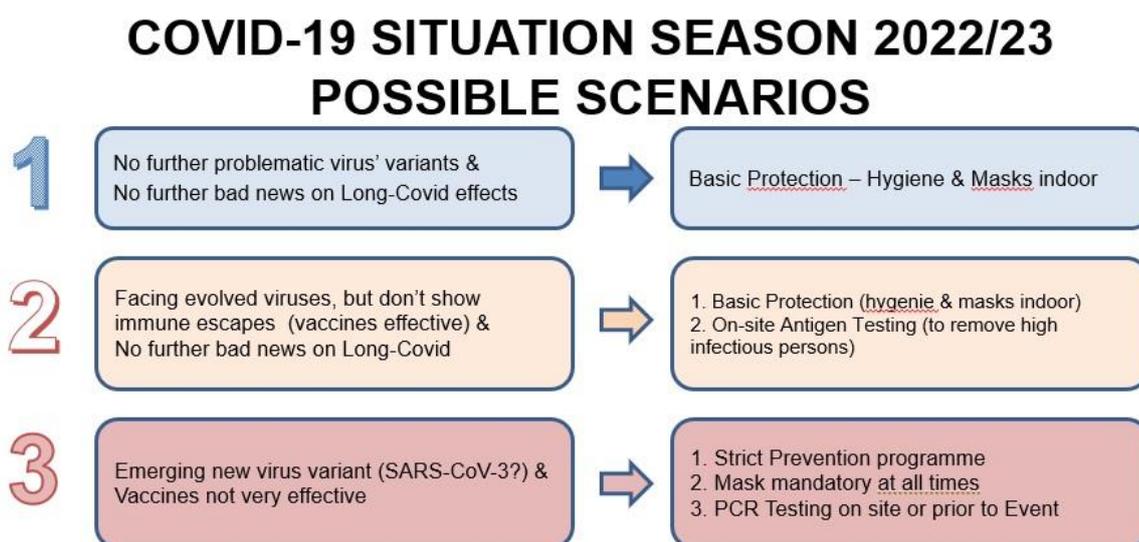

Criteria: at least one World Cup, COC or FIS Cup point

- Calendar Planning 2023/24

See enclosures

7. Other items arising

Covid-19 protocol

Applications for research

- NTNU – Norges Olympiatoppen for Raw Air events
- IAT Leipzig for German stages of World Cup

Confirmed by the Jumping Committee

Confirmation of data service provider for COC from 2023/2024 until 2027/2028

Based on the decision of the Jumping Committee from 20th July 2020, FIS should define partner for the mentioned period.

NSA's who have their own data service systems for national events (with possibility to manage international events) should contact FIS Nordic Office to present their systems. The goal is to find an alternative of a cheaper system for international events.

Proposal to postpone final decision until Spring 2023.

Confirmed by the Jumping Committee

Applications for JWSC 2025.

8. Presentation of the future organizers

WSC Planica 2023
JWSC Whistler 2023
YOG Gangwon 2024
OWG Milano-Cortina 2026

See enclosures

9. Next meetings

FIS Sub-Committees Spring Meetings, Zurich (SUI) 14th -15th April 2023
FIS Jumping Committee, Dubrovnik (CRO), 3rd - 5th May 2023

Enclosures and presentations are available in [FIS Cloud](#)

The Chairman thanks the members for a very constructive collaboration and closes the meeting at 17:30.

To the

- Members of the Jumping Committee

For information to:

3. Approval of the Agenda

The agenda was sent out on 06.10.2022.

The Jumping Committee approved the agenda.

Aga Baczkowska was approved as secretary.

4. Evaluation of the IOC report and current status of Ski Jumping.

Race Director Sandro Pertile presents the IOC report and analyses the impact of IOC decisions.

See enclosure

At the end of the presentation Committee members were requested to share comments.

H. Tielmann – thanks for analysis. It's time to develop our sport in more countries

J. Gros – it's clear that we need to create good base for development. Anyhow, Ski Jumping it's running all years not only the Olympic season.

J. Baier – thanks for analysis. Maybe low TV figures of Team events are related to the date of competition (during the week). Based on IOC decision about equity gender, it's important to support Women Ski Jumping.

R. Bell – thanks for report. Important to clarify our goal. Do we want to be the most popular FIS discipline? Do we want to be the most popular IOC discipline?

Z. Sotirov – it could be interesting to compare with IOC analysis of past OWG. For smaller countries, participation at OWG is fundamental to get financial support from NSA via NOC.

A. Verveikin – confirm that participation at OWG is essential for smaller NSA

Z. Sotirov – if we decrease quote, we have to promote a more attractive second competition level. Time to think for an approach with “corporate teams” instead of NSA approach?

C. Andrei – thanks for analysis. We need to think for a different way of action. Also for ROU is strategic to participate at OWG for the financial support from NOC to NSA.

R. Bell - important to understand which is the impact of decision on the revenue that we are generating.

Z. Sotirov – if we need to adjust competition format which is the latest time?

S. Pertile – it should be addressed next Spring 2023.

J. Gros – underline that equipment is playing an important role on Ski Jumping. FIS should help smaller NSA to close the gap. Discussion on quota is a short term discussion, we should define a long-term discussion how to develop our sport.

A. Bauer – thanks for report. We should think about the global impact of our sport and support both genders.

M. Stecher – Ski Jumping has a good value inside FIS but together with Nordic Combined we should act more to get the right attention. FIS should also get more money from IOC based on the number of event where FIS athletes are competing (around 50%).

J.Gros – FIS management should pay more attention on Ski Jumping

M.Kojonkoski – IOC decided about new quota based on own criteria. Ski Jumping should act in an offensive good way to get the right attention.

L.Kruczek – unfair that IOC doesn't take into consideration value of a country like Poland in its Internet / Social Media / Online analysis. If we cut quotas for best NOC we will reduce the quality of the event. TV time of competition is important.

B.Schoedler – we have to ask ourselves “what can we do in our NSA to improve the possibility to address the attention on Ski Jumping?” Extremely important to participate in the highest number of international competitions.

S.Pertile conclude with a short summary. First of all, the decision to reduce Men Quota and increase Women Quota is an IOC decision. Main reason is the equity gender target for IOC. We should all work together to improve the attention on Ski Jumping. We need to work to improve the quality of our product.

IOC decision is pushing Ski Jumping into important decision about OWG 2026 Quota and this decision has risks but also opportunities.

J.Damjan – IOC is pushing our sport into some changes. They are evaluating sports based on numbers and income possibilities.

5. Further actions for international Ski Jumping

Race Director Sandro Pertile presents possible actions

Discussion points for the follow up:

- IOC global/OWG perspective vs. FIS WC traditional perspective (Europe based)
- popularity of individual events vs. team events
- NOC funding for NSA
- gender equality; quality vs. quantity
- new opportunities with women's increased quota and interest, as well as ski flying
- risk of once reduced quota/numbers
- internal FIS lobby
- FIS vs. NSA work on the future development

See enclosure

6. Other items arising

No other topics have been discussed.

7. Next meeting

Race Director Sandro Pertile proposes next online meeting around WSC in Planica. *In alternative we could also organize a meeting in person in Planica during WSC (Monday 27th February 2023 – TBC)*

Enclosures and presentations are available [here](#).

The Chairman thanks the members for a very constructive collaboration and closes the meeting at 15:30.
